

San Jacinto-based businesses are free to pick which company provides their power as well as what energy mix and rate plan make the most sense for their business. San Jacinto Power (SJP) and Southern California Edison (SCE) encourage local companies to compare their options before they choose which to use.

For more information, please contact SCE at 800-644-4555 and SJP at 951-665-6812.

**Monthly Usage:** 993 kWh

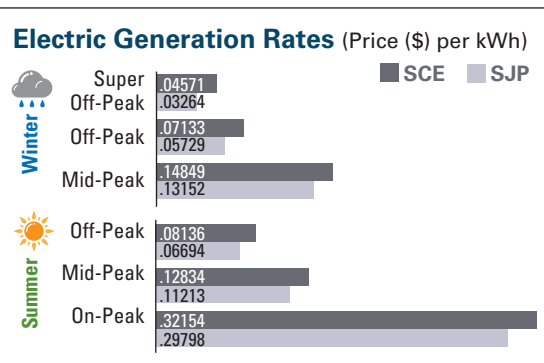

Rates are current as of January 1, 2020.

\*This comparison illustrates the estimated electricity costs for a typical Schedule TOU-GS-1-E commercial customer within the City of San Jacinto with an average monthly consumption of 993 kilowatt-hours (kWh). This is based on SCE's 2019 climate zone data within SCE's Baseline Region 10 (which includes City of San Jacinto) and published rates as of January 1, 2020.

**Generation Rate** reflects the cost of producing or purchasing electricity to power your business. This rate will vary depending on your service provider and rate plan.

**SCE Delivery Rate** is a charge assessed by SCE to deliver electricity to your business. This rate depends on usage.

**Surcharges** represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers and SCE customers that elect a Green Rate. The CRS is a surcharge to recover costs associated with power purchases made on behalf of customers prior to a customer's switch to a CCA or SCE Green Rate. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.
